

Edward Ugwu

Software Engineer

An experienced front-end engineer with demonstrated expertise in React, Angular, HTML, CSS, JavaScript and Typescript, I specialize in developing responsive websites and web applications that provide a beautiful, intuitive user experience and drive maximum engagement and conversions. I have a keen eye for detail and have successfully applied my skills to the financial, e-commerce, and health care industries. With a passion for creating top-notch user experiences, I take pride in my work and always strive to create the best user experience possible.
